

## Dennis Madden Director/DOP

### Biography

With an upbringing that saw him travel the world, Dennis had seen more countries and cultures by the age of 18 than most people would in a lifetime.

Inspired by his early experiences, Dennis developed a very artistic, unique and cultured approach to his creative viewpoint – *an attribute that set a foundation for a career.*

For over 20 years Dennis has been at the helm of both cameras and direction on behalf of some of the world's most recognised brands including Vodafone, Philips, Mitsubishi, Kodak, and Nokia.

As well as developing a back catalogue of brand names that speaks for itself, Dennis has also worked on music promos with world renowned artists including Prince, Annie Lennox, Dannii Minogue, Aqualung, and even Sir Cliff Richard.

Dennis has shot beautiful pictures on every format and film type from Super 8 to 16mm, 35mm to Digibeta and from High Definition (HD) to even 3D.

Dennis' career has seen him travel the world revisiting familiar haunts and discovering entirely new places of intrigue and beauty, all whilst doing what he loves the most; creating stunning films that will stay at the pinnacle of zeitgeist for years to come.
